

Cadral Skills - Kahan Se Aayin

Har skill **.claude/skills/** mein hai aur folders **.claude/skill-folders/** mein. Dera dashboard mein same folder naam category hain.

Folder	Sources	Skills
Workflow aur Cadral (code folder)	6	23
App Development	19	290
WordPress	2	22
Video	3	22
Research	1	13
Writing	2	2
Total		372

Workflow aur Cadral (code folder)

obra/superpowers (15)

brainstorming, diagnosing-superpowers, dispatching-parallel-agents, executing-plans, finishing-a-development-branch, receiving-code-review, requesting-code-review, subagent-driven-development, systematic-debugging, test-driven-development, using-git-worktrees, using-superpowers, verification-before-completion, writing-plans, writing-skills

Cadral - khud likhi gayi (4)

tools, ask-audit, newproject, system-forge

anthropics/skills (1)

skill-creator

codejunkie99/graph-engineering (1)

graph-engineering

affaan-m/ECC (1)

loop-design-check

thedotmack/claude-mem (1)

mem-search

App Development

wshobson/agents (83)

accessibility-compliance, angular-migration, api-design-principles, architecture-patterns, async-python-patterns, attack-tree-construction, billing-automation, brand-landingpage, competitive-landscape, cqrs-implementation, database-migration, dependency-upgrade, deployment-pipeline-design, design-system-patterns, distributed-tracing, embedding-strategies, event-store-design, fastapi-templates, github-actions-templates, gitlab-ci-patterns, godot-gdscript-patterns, grafana-dashboards, hybrid-search-implementation, interaction-design, javascript-testing-patterns, langchain-architecture, llm-evaluation, market-sizing-analysis, microservices-patterns, mobile-android-design, mobile-ios-design, modern-javascript-patterns, nextjs-app-router-patterns, nodejs-backend-patterns, paypal-integration, pci-compliance, postgresql-table-design, projection-patterns, prometheus-configuration, prompt-engineering-patterns, python-anti-patterns, python-background-jobs, python-code-style, python-configuration, python-design-patterns, python-error-handling, python-observability, python-packaging, python-performance-optimization, python-project-structure, python-resilience, python-resource-management, python-testing-patterns, python-type-safety, rag-implementation, react-modernization, react-native-architecture, react-native-design, react-state-management, responsive-design, saga-orchestration, sast-configuration, screen-reader-testing, secrets-management, security-requirement-extraction, similarity-search-patterns, slo-implementation, startup-financial-modeling, startup-metrics-framework, stride-analysis-patterns, stripe-integration, tailwind-design-system, team-composition-analysis, temporal-python-testing, threat-mitigation-mapping, typescript-advanced-types, unity-ecs-patterns, uv-package-manager, vector-index-tuning, visual-design-foundations, wcag-audit-patterns, web-component-design, workflow-orchestration-patterns

evanca/flutter-ai-rules (37)

accessibility, architecture-feature-first, bloc, code-review, dart-3-updates, developing-genkit-dart, effective-dart, firebase-ai, firebase-analytics, firebase-app-check, firebase-auth, firebase-cloud-firestore, firebase-cloud-functions, firebase-crashlytics, firebase-data-connect, firebase-database, firebase-in-app-messaging, firebase-messaging, firebase-remote-config, firebase-storage, flutter-app-architecture, flutter-best-practices, flutter-change-notifier, flutter-errors, flutter-pre-caching, flutter-use-column-row-first, flutterfire-configure, generate-images-with-firebase-ai, inclusive-design, mockito, mocktail, patrol-e2e-testing, provider, revenuecat-testing, riverpod, store-listing-assets, testing

mattpocock/skills (35)

ask-matt, claude-handoff, codebase-design, diagnosing-bugs, domain-modeling, git-guardrails-claude-code, grill-me, grill-with-docs, grilling, handoff, implement, implement-spec, improve-codebase-architecture, loop-me, migrate-to-shoehorn, pr, research, retro, scaffold-exercises, setup-matt-pocock-skills, setup-pre-commit, setup-ts-deep-modules, tdd, teach, to-questionnaire, to-spec, to-tickets, triage, wait-what, wayfinder, wizard, writing-beats, writing-for-agents, writing-fragments, writing-shape

expo/skills (26)

eas-app-stores, eas-hosting, eas-observe, eas-simulator, eas-update, eas-update-insights, eas-workflows, expo-animation, expo-app-clip, expo-brownfield, expo-data-fetching, expo-design-system, expo-dev-client, expo-dom, expo-examples, expo-migrate-module, expo-module, expo-native-ui, expo-overview, expo-project-structure, expo-router, expo-skill-eval, expo-skill-feedback, expo-ui, expo-upgrade, expo-web-to-native

addyosmani/agent-skills (24)

api-and-interface-design, browser-testing-with-devtools, ci-cd-and-automation, code-review-and-quality, code-simplification, constraint-driven-development, context-engineering, debugging-and-error-recovery, deprecation-and-migration, documentation-and-adrs, doubt-driven-development, frontend-ui-engineering, git-workflow-and-versioning, idea-refine, incremental-implementation, interview-me, observability-and-instrumentation, performance-optimization, planning-and-task-breakdown, security-and-hardening, shipping-and-launch, source-driven-development, spec-driven-development, using-agent-skills

plugin87/ux-ui-agent-skills (17)

a11y-audit, apply-aesthetic, data-dashboard, design-code, design-component, design-doctrine, design-qa, design-review, design-tokens, figma-integration, governance, migrate-design-system, performance, prototype, redesign, token-build, ux-writing

LeonxInx/taste-skill (13)

brandkit, design-taste-frontend, design-taste-frontend-v1, full-output-enforcement, gpt-taste, high-end-visual-design, image-to-code, imagegen-frontend-mobile, imagegen-frontend-web, industrial-brutalist-ui, minimalist-ui, redesign-existing-projects, stitch-design-taste

callstackincubator/agent-skills (13)

agent-device, assess-react-native-migration, create-react-native-library, dogfood, github-actions, react-native-best-practices, react-native-brownfield-migration, react-native-testing, react-native-tv-best-practices, react-navigation, upgrading-react-native, validate-skills, writing-user-docs

treylom/prompt-engineering-skills (10)

claude-4-7-prompt-strategies, expert-domain-priming, gemini-3-1-prompt-strategies, gems-prompt-generator, gpt-5-6-prompt-enhancement, image-prompt-guide, prompt, prompt-engineering-guide, prompt-variation-guide, research-prompt-guide

vercel-labs/agent-skills (9)

deploy-to-vercel, vercel-cli-with-tokens, vercel-composition-patterns, vercel-optimize, vercel-react-best-practices, vercel-react-native-skills, vercel-react-view-transitions, web-design-guidelines, writing-guidelines

nextlevelbuilder/ui-ux-pro-max-skill (7)

banner-design, brand, design, design-system, slides, ui-styling, ui-ux-pro-max

Jakubantalik/transitions.dev (4)

refine-live, transitions-agent, transitions-dev, transitions-polish

Code-with-Beto/skills (4)

app-icon, local-build, ship, theming

Appllama/appllama-skills (2)

appllama-app-design-skill, appllama-usage

AvdLee/SwiftUI-Agent-Skill (2)

swiftui-expert-skill, update-swiftui-apis

skydashnet/material-design-3-ui-skill (1)

material-design-3-ui

designrique/ai-graphic-design-skill (1)

ai-graphic-design

nolangz/pixel2motion (1)

pixel2motion
